

Jical Patel

jicalharish15102002@gmail.com | +1(216)856-2902 | <https://www.linkedin.com/in/jical-patel> | OH, USA

Education

Case Western Reserve University , Ohio, USA	Aug 2024 – May 2026
Master's in Computer Science	
San Francisco State University , California, USA	July 2023 – Aug 2023
Data Analysis with Computer Application	
Received a scholarship and gained proficiency in statistical tests, earning an A grade.	
LDRP-ITR , Gujarat, India	Sep 2020 – May 2024
Bachelor of Engineering in Computer Engineering	

Experience

Office Assistant – Siegal Lifelong Learning, Case Western Reserve University	May 2025 – May 2026
- Provided front-line customer support for technology, addressing inquiries and ensuring a positive client experience. - Organized administrative records and supported management with special projects	
Software Developer – xLab(Progressive Insurance), CWRU	Aug 2025 – Dec 2025
Built and delivered an application as part of an Agile development team, leveraging GitHub workflows and technologies including iOS, Next.js, MongoDB, and Java	
Graduate Assistant – Case Western Reserve University	Jan 2025 – Dec 2025
- Assist students in understanding Computer Security concepts through discussions and problem-solving. - Provide coding and debugging support, evaluate assignments and exams while ensuring constructive feedback.	
Android Developer – TOPS Technology	Nov 2023 – Apr 2024
- Developed Android applications using Java, Kotlin, and Firebase. - Designed intuitive UI/UX layouts with XML and Jetpack Compose. - Implemented REST API integration for seamless app functionality.	

Projects

MedCare	Jan 2025 – May 2025
Developed disease prediction machine learning models integrated with Django web interface.	
Uber Clone	Nov 2023 – Feb 2024
- Developed a blockchain-based ride-hailing system using smart contracts. - Integrated crypto payments using Ethereum Rinkeby Testnet. - Ensured real-time GPS tracking and automated fare calculations.	
Skin Disease Identification	May 2023 – Aug 2023
- Built an AI model with 75% accuracy using TensorFlow, Keras and OpenVino. - Deployed a mobile-friendly UI for easy diagnosis access.	

Research Paper

Battery Efficiency through Thermal Analysis	Sep 2021 – Nov 2021
Conducted research on optimizing battery efficiency using thermal analysis techniques. Published in International Journal of Research Publication and Reviews(IJRPR)	

Skills

Technical Skills

- Programming:** Java, Kotlin, C, C++, **Python**, SQL, Data Structures and Algorithms
- Mobile Development:** Android Studio, **Firebase**, REST APIs
- Database & Cloud:** MySQL, SQLite, **Cloud Firestore**
- Other:** UI/UX Design, Git, Debugging, Tableau, Performance Optimization

Soft Skills

- Communication, Leadership, Teamwork, **Problem-Solving, Time Management**, Adaptability

Certifications

Developing Secure Software (LFD121) – Linux Foundation	Aug 2024 – Nov 2024
NPTEL Courses – Programming in Java and Python for Data Science	Mar 2023 – Apr 2023
State-level Workshop on Web Development using PHP Laravel	Mar 2021 – Apr 2021
